To whom it may concern

This letter is to confirm that Mr. Htet Naing Aung (1/KaMaNa(N)044586), who served as a Java Backend Engineer at NTT DATA Myanmar from June 16, 2022, to June 16, 2025. He consistently demonstrated technical excellence, strong problem-solving, and effective leadership.

His core responsibilities included system design, developing scalable backend services, building RESTful API, optimizing performance and query, Unit Test, fixing bugs, handling incidents, and mentoring junior engineers. He played a key role in ensuring system stability and operational efficiency.

Htet Naing is proficient in Linux Shell Script, Windows Bash, Java, OOP, Spring Boot, JPA, Hibernate, PostgreSQL, Google Cloud, Jenkins, and SVN with solid experience in logistics system development.

He also trained junior engineers, collaborated across teams, and reported investigation findings to management, earning two awards:

System Bug Fix Award (2023)

Received on March 15, 2024

Collaboration Team Award (2024)

Received on March 21, 2025

I highly recommend him for roles requiring technical skill, collaborative spirit, and analytical thinking.

Yours faithfully,

A handwritten signature in blue ink, appearing to be 'Zin Nwe Htun', written over a light blue circular stamp.

Zin Nwe Htun

Manager
