WORK EXPERIENCE

METATEAM MYANMAR Co., Ltd

Dec 2020 – Jun 2022

Full-Stack Software Engineer (Angular + Java) | ERP System

Onsite

- Designed and implemented core ERP modules including inventory management, procurement, sales orders, and financial accounting using Java, Spring Boot, and PostgreSQL.
- Developed scalable RESTful APIs with Spring Data JPA and Hibernate to enable seamless data access and business logic execution across ERP components.
- Built dynamic and responsive user interfaces with Angular, improving usability and workflow efficiency for enterprise users.
- Integrated GitHub for version control and collaborative development, ensuring code quality through pull requests, branching strategies, and issue tracking.
- Automated build, test, and deployment pipelines using Jenkins and GitLab CI/CD, enabling rapid delivery and rollback of ERP features.
- Optimized database schema and SQL queries to enhance system performance under high transaction volumes and concurrent user load.
- Ensured secure and reliable communication between frontend and backend via REST APIs, implementing role-based access control and data validation.
- Participated in Agile/Scrum ceremonies, contributing to sprint planning, daily stand-ups, and retrospectives to drive continuous improvement.

NTT DATA Myanmar Co., Ltd

Jun 2022 – Jun 2025

Backend Engineer (Java) | E-Commerce & Logistics

Onsite

- Developed and maintained scalable Java/Spring Boot microservices supporting high-volume consumer and enterprise applications in production environments.
- Designed, implemented, and optimized RESTful APIs and backend services following microservices architecture and clean coding principles.
- Owned the full Software Development Life Cycle (SDLC), including requirements analysis, design, development, testing, deployment, and production support.
- Built event-driven systems using Apache Kafka to enable reliable, high-throughput communication between distributed services.
- Developed batch-processing solutions using Spring Batch to efficiently process large-scale business and transactional data.
- Deployed and managed cloud-native applications on AWS, GCP, and Oracle Cloud Infrastructure (OCI) using Docker and Kubernetes.
- Designed and optimized database solutions using MySQL, MongoDB, Redis, and Cassandra to support high-performance and scalable applications.
- Collaborated with international Product, QA, DevOps, and Engineering teams in Agile environments to deliver reliable software solutions.
- Performed performance tuning, troubleshooting, monitoring, and system optimization to ensure high availability, scalability, and operational excellence of enterprise-scale platforms.
- Contributed innovative ideas and implemented event-driven architectures with Kafka, supporting real-time features such as notifications, order tracking, and live analytics.

- Developed and optimized scalable RESTful APIs using Java and Spring Boot to support web application features and business requirements.
- Designed and implemented database operations, ensuring efficient data management, performance optimization, and data integrity.
- Collaborated with cross-functional teams, including frontend developers and business stakeholders, to deliver high-quality software solutions.
- Integrated authentication, authorization, and third-party services while following secure coding and REST API best practices.
- Participated in code reviews, troubleshooting, testing, and deployment activities to ensure application reliability and continuous improvement.

PROFESSIONAL PROFILE

<https://htetnaing-hub.github.io/Portfolio/>

EDUCATION

University of Computer Studies (Mandalay)

Bachelor of Computer Science (B.C.Sc.)

Graduated: May 27, 2020

LICENSES & CERTIFICATIONS

[Google Cloud Certified Cloud Digital Leader](#)
[Oracle Cloud Infrastructure Certified Foundations Associate](#)
[Oracle Cloud Infrastructure Certified Architect Associate](#)
[Oracle Cloud Infrastructure Certified AI Foundations Associate](#)
[Oracle AI Database Certified Foundations Associate](#)

SOFT SKILLS

- | | |
|----------------------|---------------------|
| ✓ Good Communication | ✓ Fluent in English |
| ✓ Teamwork | ✓ Leadership |
| ✓ Problem-solving | ✓ Critical thinking |
| ✓ Time management | ✓ Adaptability |

TECHNICAL SKILLS

Backend Dev	Frontend Dev	Database	Cloud	Version Control	CI/CD
Java 8 – 11, J2EE Spring Boot, JPA Hibernate, JDBC Microservice Concurrency, JSP Servlet, REST API JUnit, Spring Security	Angular.js JavaScript HTML5, CSS3 Bootstrap	PostgreSQL MySQL MongoDB	GCP AWS Oracle	Git GitHub SVN	Docker GitHub Actions Maven Kubernetes Jenkins

AWARDS

NTT DATA Myanmar Co., Ltd

- Collaboration Team Award (Mar 21, 2025)
- Support Team Award (Mar 15, 2024)

DESIRED SALARY :

Negotiable
